

Certification

Loh & Loh Constructions Sdn. Bhd. attained the prestigious MS ISO 9002 certification in early 1997 from two established certifying bodies namely; Construction Quality Assurance Ltd. United Kingdom (CQA Ltd.) and SIRIM Malaysia. These certifications covered the provision of Project Management of Building and Civil Construction Works. The ISO 9002 has been regularly reviewed by both authorities and continues to be endorsed by them until today.

Apart from Loh & Loh Constructions Sdn. Bhd., another subsidiary company of LLCB Group, Water Engineering Technology Sdn. Bhd. has recently met the requirements of ISO certification and is certified to be ISO 9001:2000 by SIRIM.
